DOP7785A

Culinary Guide

Semi-automatic cooking: choose a dish from the menu and enter the weight, the oven automatically determines the appropriate cooking mode, the ideal temperature and the cooking time required down to the minute.

Chef Mode

Automatic cooking: choose a dish from the menu and the oven adjusts all settings automatically; the cooking mode, the ideal temperature and even the cooking time.

Patisserie Mode

Automatic pastry cooking: with the same method as Chef Mode the oven helps you skillfully and successfully produce patisserie classics such as macarons, cannelés and chocolate fondants.
